Global IFS Magna-Lock Finish Selections

What is Magna-Lock?

Magna-Lock is a magnetic flooring system specifically designed for use on raised access flooring systems. This innovative, cutting edge system allows high-end finishes to be directly attached to the raised access floor while allowing for easy access to underfloor components. Designers have complete flexibility to bring their vision to life with many finishes including an uncompromising selection of wood, terrazzo and luxury vinyl tile (LVT) finishes, manufactured by world-class flooring companies. With Magna-Lock you are expanding the possibilities to take your space to the next level.
